DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance:

As to claim 1, Tanno (US Patent No: 6,078,572) discloses code division multiple access (CDMA) type mobile station comprising (col. 4, lines 50-60): a radio portion for modulating a radio signal to produce a received signal and for demodulating a transmission signal into said radio signal (col. 4, lines 30-40). Miura (US Patent No: 6,580,740) discloses a receiving portion for despreading said received signal to produce received data (col. 9, lines 15-25). However in alone, or combination of Tanno and Miura do not disclose a transmitting portion for spreading transmission data to produce said transmission signal; a data processing portion for processing said received data and said transmission data; and a control portion for controlling operation of said radio portion, said receiving portion, said transmitting portion, and said data processing portion, said receiving portion comprising: a first receiving portion for receiving said received signal at a first chip offset to which a chip offset is temporally early rounded off to produce a first received data symbol; and a second receiving portion for

receiving said received signal at a second chip offset to which the chip offset is temporally late rounded off to produce a second received data symbol, said CDMA type mobile station further comprising a combining portion, disposed between said receiving portion and said data processing portion, for combining the first received data symbol with the second data symbol to supply a combined data symbol to said data processing portion.

As substantially described in independent claims 5-6. These limitations, in combination with other remaining limitations 5-6 are not taught nor suggested by the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
